

# Buena Vista Tree Advisory Board

August 4, 2016

In attendance were: Dan Murray, Roy Gertson , Kathryn Hardgrave. Phil Puckett  
Since not having a quorum, a work session continued.

The Town's Advisory Board manual was handed out and presented by Emily Katsimpalis. A copy was delivered to Tom Liverman.

Kathryn handed out brochure of the upcoming Western Colorado Community Forestry Conference in Alamosa September 9.

Also discussed a follow-up inspection on the systemic insecticide treatment on Elm trees along E. Main having a scale insect infestation.

Discussed the Cedar Street tree design for a 2017 planting project. We need to have project costs by September 1st for Greg Maggard to include in the proposed 2017 Budget. Decided to break from meeting and inspect Cedar St for tree planting sites. Thirty-three tree sites were identified, from Railroad St to Beldan Ave.

Respectfully submitted,

Roy Gertson  
Secretary
